

Elementary Library Activities!

Choose one or two of the following activities to complete this week:

- 1. **Draw your favorite character** or scene from a book you have read.
- 2. **Happy April Fool's Day!** Play "3 Lies and 1 Truth" with your family. Create a question along with 3 false answers and 1 true answer. Try to make it tricky! See if your family can figure out which answer is correct!
- 3. **April is National Poetry Month!** Write a springtime poem and read it to someone at home (it can be a pet or stuffed animal).

Also, keep adding to the list of books you are reading during this time at home.

Be on the look-out for information about **Pittsford Reads** - our very own Pittsford YouTube channel with librarians and library staff reading some of their favorite books to you and your family.
