2210 - COMMITTEES OF THE BOARD

The Board and/or the President of the Board may at its discretion establish committees for the purpose of undertaking a specific task in connection with Board Activity. These committees, however, cannot make legal decisions for the entire Board.

At the request of the Board, the President shall appoint temporary committees consisting of less than a quorum of the full membership for special purposes. These committees shall be discharged on the completion of their assignment. The President of the board shall be an ex-officio member of such committees.

The Board of Education recognizes that it may be necessary from time to time to authorize advisory committees for the purpose of enlisting opinions and counsel of the general public. Such committees shall be appointed by the Board of Education. The Board has the right to accept, reject or modify all or any part of a committee recommendation.

Audit Committee

The Board established audit committee oversees and reports to the Board on District Audits.

Visitation Committees

The Board shall visit every school at least once annually and report on the condition of the facility at the next regular meeting of the Board.

2220 - COMMITTEE MEMBERSHIP AND PARTICIPATION

Role of a Board Member on a Committee

Board members represent the entire Board by their membership on any committee. In all cases, Board members serve the role of liaison to the entire Board by their membership and participation on a committee. They are expected to report significant committee-related events and important upcoming agenda items during the "Board report" agenda item at regularly scheduled Board meetings.

A Board member may be asked to serve on a committee for one or more of the following reasons:

- a) Service or membership as participation in county, state, or national school Board associations or agencies;
- b) Service or membership as required by law;
- c) Board representation on District or other committees must be approved by the Board;
- d) Membership for a finite period of time to address a specific issue with an ad hoc committee or association, with the condition that Board membership has been accepted by the Board;
- e) Membership on a committee that is in an initial phase of organization and Board membership has been accepted by the Board;
- f) Annual designation to perform a specific activity or function in that school or calendar year.

Board Membership or Participation Not Recommended

The Pittsford Central School District holds the shared decision making model in high regard. As steward of shared decision-making, the Board recognizes committees whose sole task is to aide the Superintendent in making a recommendation to the Board. Due to the nature of this relationship, it is not recommended the Board members serve any participative role on this type of committee.

For the same reasons, it is not recommended that Board members serve any participative role on District committees that have been formed in an ad hoc manner to aide the Superintendent in making a recommendation to the Board.

2220 - COMMITTEE MEMBERSHIP AND PARTICIPATION (Cont'd.)**Review Period for Valid Committees and Board Membership**

Review of current committee assignments and upcoming committee activities for the following school year shall take place at that reorganization meeting.

Continuing Communication

Recognized District committees must operate according to Board approved charters and may be required to give an update to the Board on progress and direction at intervals as determined by the Board.

Participation or Membership in All Other Committees or Organizations

Terms of membership and participation of a Board member is limited to this policy. Approval of Board membership and participation on a committee or organization is by Board vote.

2320 - ATTENDANCE BY BOARD MEMBERS AT CONFERENCES, CONVENTIONS AND WORKSHOPS

The Board believes that continuing in-service training and development are important for its members. The Board, therefore, encourages the participation of all members at appropriate school Board conferences, conventions and workshops which are believed to be of benefit to school Board member development and school District governance. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes the following guidelines:

- a) A calendar of school Board conferences, conventions and workshops shall be maintained by the Clerk. The Board will periodically decide which meetings appear to be most likely to produce direct and indirect benefits to the school Board and District. Board members who become aware of additional conference opportunities will share the information with the Board president who will make the information available to all Board members for consideration.
- b) Funds for participation at such conferences, conventions, workshops and the like will be budgeted for on an annual basis. When funds are limited, the Board will designate which members are to participate at a given meeting.
- c) Reimbursement to Board members for all actual and necessary registration fees, expenses of travel, meals and lodging, and all necessary tuition fees incurred in connection with attendance at conferences and the like will be in accordance with established regulations for expense reimbursement.
- d) When a conference, convention or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.

Board members must complete a Request for Conference Attendance/Travel Reimbursement form and submit it to the Board president for signature. In the case of the Board president attending a conference, she/he will submit a form to the vice president for signature. Following the conference, this form and the section entitled "Expense Claim Form" must be completed and accompanied with appropriate receipts and submitted to the Clerk for processing.
