- **D** ✓ 2015-2016 Budget Challenges
- **A** ✓ What's Next?
 - ✓ Board of Education Work

Governor's Budget Proposal

- Claims "NYS Schools are underperforming, overfunded, communities over taxed and there is little accountability."
 - His 2015-16 Budget proposed \$1.06b or +4.8% increase in State Aid over the current 2014-2015 levels
 - There is no detail on how this aid will be distributed
 - This increase is contingent upon the legislature adopting the Governor's entire education reform agenda
 - New teacher evaluations
 - Amend teacher tenure laws
 - Permanent Property Tax Cap
 - Senior STAR property tax assistance changed to income tax credit
 - "At this time, the Division of Budget has informed districts there will NOT be a release of school aid runs until an agreement is reached, most likely around the start of the State fiscal year (April 1st)."
 - "If the legislature and the Governor do not come to an agreement on his proposed reforms by April 1st, the Governor has stated that total state aid for the 2015-16 and 2016-17 years may not be in excess of the current 2014-15 state aid amounts."

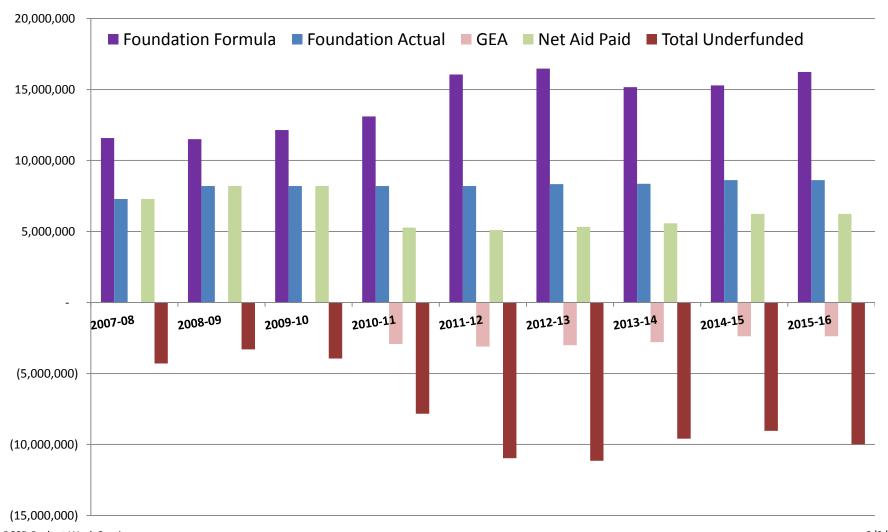

Governor's Budget Proposal

- The above is unprecedented:
 - schools are not given data in which to plan
 - No longer is just Foundation Aid & the GEA being held ransom, but the entire aid package including expense driven formula aids (Special Education, Transportation, Full Day K)
- Foundation (General Operating) Aid continues to be frozen at the 2008-09 level
 - For 2014-15 fiscal year, frozen at \$8,618,409 should be \$15,165,195 (\$6.8m underfunded)
 - Since 2008-09 NYS is behind in its legal commitment to Pittsford by more than \$55 million or 56% funded
- GEA Gap Elimination Adjustment Continues the further reduction of Foundation Aid with nominal restoration from the prior year
 - For 2014-15 the GEA is -\$2,374,513
 - Since 2010-11 the GEA has further reduced Foundation Aid a cumulative total of \$16,609,935
- Bottom-line? Since 2008-09 Pittsford Taxpayers have funded New York State's portion of our support totaling \$69.5m or the District receives 55% less than it is legally supposed to. Is anyone paying 55% less in NYS Income Taxes today than they did in 2008-09?

Foundation Aid & GEA History

TAX LEVY – from One to Three

- With all the talk of New York's "2 percent tax cap," it may come as a surprise to learn that each school district in the state will present three separate tax levy numbers as part of their compliance with the legislation.
- Chances are none of the three tax levy numbers will be exactly 2 percent.
- Because the 2 percent is just one part of a complex formula that schools must use to calculate two of their tax levy numbers:
 - Tax Levy Limit

PCSD Budget Work Session

Maximum Allowable Tax Levy

- <u>Tax Levy Limit</u> a formula that essentially tells how much community support a District may obtain from its proposed budget
 - The highest allowable tax levy (before exclusions) that a district can propose and require a simple majority of voters (50 percent plus 1) to pass the budget
 - If a district proposes a tax levy beyond the Tax Levy Limit (before exclusions) it will need supermajority approval of voters (60 percent) to pass the budget
- 2. <u>Maximum Allowable Tax Levy</u> is the Tax Levy Limit PLUS certain exclusions. Taxes levied to fund the following expenses are excluded from the limit:
 - Voter approved Capital Expenditures
 - Increases beyond two percentage points in Employee and/or Teacher Retirement System costs (mandated by NYS)
 - Exclusions are added to the Tax Levy Limit and are not subject to or trigger the 60% supermajority
- 3. **Proposed Tax Levy** the levy called for by the district to support the proposed budget
 - The total amount of money to be raised by the local community after factoring all other revenues

Is the Property Tax Cap Complex?

UPDATED FOR 2014-2015

New York's Tax Levy "Cap" Formula:

How does it add up?

Although often referred to as a "2 percent tax cap," New York's tax levy "cap" law does not restrict any proposed tax levy increase to 2 percent. Pursuant to the law, each school district must follow an 8-step calculation, outlined below, to calculate its individual "tax levy limit." That limit then determines what level of voter support is required for budget approval.

THE BASE FORMULA

The "quantity change factor," determined by the Dept. of Taxation and Finance for each district by Feb. 1. It's the year-to-year increase in the full value of taxable real property in a school district due to physical or quantity change (e.g., new construction). Increases in full value due solely to assessment changes are not included. This factor will not be less than 1.000, even if a district sees a decrease in its full property value.

The amount of the school district's current-year tax levy (2013-14) necessary to pay for court orders or judgments arising out of tort actions. Applies only to the portion that exceeds 5% of the school district's total prior-year tax levy. Tax certioraries do not qualify.

This factor, which accounts for inflationary change, is limited to the lesser of 2 percent or the change in the consumer price index.

For the 2014-15 budget year, this factor is 1.46% (change in consumer price index) for all school districts.

The highest allowable tax levy (before exclusions; see below) that a school district can propose as part of its annual budget and need only a simple majority of voters (50% + 1) to pass the budget. Each school district will calculate and report its own tax levy limit.

AVAILABLE CARRYOVER (IF ANY)

TAX LEVY LIMIT

The total amount of property tax revenue levied by the district for 2013-14 school year (the year prior to budget year 2014-15), adjusted for any excess tax levy that was identified for a previous year including any interest earned.

The amount of revenue receivable by the school district in the 2013-14 school year from "payments in lieu of taxes," or PILOTs. Certain commercial property owners (usually large corporations) enter into PILOT agreements to make annual payments instead of paying property taxes for a negotiated period of time.

The amount of the school district's currentyear tax levy (2013-14) necessary to pay for construction/renovation of capital facilities or capital equipment (including debt service and lease expenditures) and transportation capital debt service (e.g., bus leases and purchases). Refers only to the portion paid with local tax dollars (i.e., does not include state building or transportation aid received).

The amount of revenue the school district expects to receive in the 2014-15 school year from "payments in lieu of taxes," or PILOTs.

If a district's 2013-14 tax levy was less than its 2013-14 tax levy limit, it must increase the 2014-15 tax levy limit by that amount or 1.5% of the 2013-14 tax levy limit, whichever is less.

EXCLUSIONS TO BE ADDED

The law excludes certain portions of a school district's tax levy from the calculation above. A district can add these exclusions (described below) to its tax levy limit, increasing the amount of taxes the district is allowed to levy while still needing only a simple majority of voters for hudget approval.

TAX LEVY TO PAY FOR SOME PENSION CONTRIBUTION COSTS

Applies only when the employer contribution rates set by the statewide pension systems (TRS and ERS) increase by more than 2 percentage points from one year to the next. Even with this exclusion, most—if not all—pension costs must be funded within a school district's tax levy limit. For the 2014-15 budget year, the ERS rate is decreasing 0.8 percentage points and the TRS contribution rate is increasing 1.28 percentage points. This means that for the first time since the tax cap was implemented, the state's school districts will not have a portion of their pension contributions to either system excluded from their tax levy cap calculation.

TAX LEVY TO PAY FOR SOME COURT ORDERS/JUDGMENTS

The amount of the school district's coming-year tax levy (2014-15) necessary to pay for court orders or judgments arising out of tort actions. Only the amount that exceeds 5% of the school district's prior-year total tax levy can be excluded from the tax levy limit. Tax certioraries cannot be excluded.

TAX LEVY TO PAY FOR SOME LOCAL CAPITAL COSTS

The amount of the school district's comingyear tax levy (2014-15) necessary to pay for construction/renovation of capital facilities or equipment (including debt service and lease expenditures) and transportation capital debt service. This exclusion refers only to the portion paid with local tax dollars (i.e., does not include state building or transportation aid received).

MAXIMUM ALLOWABLE TAX LEVY

The tax levy limit plus exclusions. This is the highest total tax levy that a school district can propose as part of its annual budget for which only the approval of a simple majority of voters (50% +1) is required.

Produced by the Capital Region BOCES Communications Service (http://www.capitalinegionbicces.org/Communications), in consultation with the Questar III BOCES State Aid and Financial Planning Service. Published March 2014.

How does the formula work for Pittsford?

| Prior Year Levy | \$ 92,666,331 | 2014-15 Actual - current year | | |
|---------------------------------|----------------|--|--|--|
| | x | | | |
| Times: Tax Base Growth Factor | 1.0046 | From Comptroller expansion & development | | |
| | + | | | |
| Add: Prior Year PILOTs | \$ 380,000 | 2014-15 Actual | | |
| | - | | | |
| Less: Prior Year Capital Levy | \$ (2,680,810) | Local Portion (Debt Service Less Bldg Aid) | | |
| | = | | | |
| Equals: Prior Year Adj Levy | \$ 90,791,786 | Adjusted to Base for Growth | | |
| | X | | | |
| Times: Allowable Growth Factor | 1.62% | lesser of CPI or 2% | | |
| | - | | | |
| Less: Estimated New Year PILOTs | \$ (207,000) | Est from Assessors - May | | |
| | + | | | |
| Add: Prior Year Carryover | \$ - | If not all cap used (not eligible) | | |
| | = | | | |
| Equals: TAX LEVY LIMIT | \$ 92,055,613 | | | |

How does the formula work for Pittsford? (continued)

| Equals: TAX LEVY LIMIT | | \$ 92,055,613 | | | |
|----------------------------|--------------|---------------|---|--|--|
| | | + | To be filed with Comptroller March 1 | | |
| Plus: <u>EXCLUSIONS</u> | | | | | |
| Court Orders & Judgments | \$ - | | | | |
| New Year Capital Levy | \$ 2,677,983 | | Local Portion (Debt Less Bldg Aid) already voter approved | | |
| Pension Growth > 2 pts | \$ 0 | _ | Employee & Teacher Retire System mandated payments | | |
| Add: Total EXCLUSIONS | | \$ 2,677,983 | | | |
| | | = | | | |
| Maximum Allowable Tax Levy | | \$ 94,733,596 | \$ 2,067,265 2.23% | | |
| | | | Maximum for simple majority vote | | |
| | | | Greater would require 60% approval | | |

Revenue Picture Summary

- 77% of our funding support is the Property Tax Levy and it is capped
- 16% of our funding support is State Aid and it may be frozen if the Legislature and Governor do not come to agreement (we will NOT be given data for planning)
- Result = 93% of our budget is capped/frozen at a 1.7% growth rate
 - Our budget to meet obligations needs 2.5%-3.2% allowable growth

Status Quo Budget

- The Status Quo or "rollover budget" assumes:
 - Enrollment stable
 - Staffing adjusted for BOCES and known Special Ed changes
 - Programs & Services offered at current levels
 - Costs converted to next year dollars
 - Collective Bargaining Agreements
 - BOCES unit charge estimates
 - Fuel and Utilities
 - Market indicators
 - Town field rental

Status Quo Budget

Challenges for 2015-2016 Budget

- Governor's Budget Proposal does not afford us good information for planning purposes or allow adherence to data submission deadlines without State Aid projections
- Property Tax Cap Nuances and data needed
- Solidify Cost Centers
 - Special Education
 - BOCES
 - Transportation
 - Enrollment / Staffing & Sectioning
- Some relief from slight decreases in Retirement System costs

To Do over next few weeks

- Continue to update Long-Range Financial Status
- Retirement Attrition Savings
- Further enrollment, program and staffing review
- BOCES cost analysis
- State Aid review
- Continue to work with the DPT to compile for the Board a list of options

Work Session To Do's

- February 24 Board Work Session
 - BOE to determine Proposed Tax Levy options & implications
 - Superintendent will present work of DPT to-date
 - Bus Purchase Reserve
- March 1 Report required data to Comptroller
- March 11 Board Work Session (Final)
 - Stay abreast of and implement changes
 - State/federal funding update
 - Additional propositions
- March 19 District Planning Team (DPT)
- March 23 BOE Meeting
- April 16 District Planning Team (DPT)
- ➤ April 20 Board adopts Superintendent's Budget
- May 11 Public Budget Hearing
- May 19 Budget Vote and Board Election

End
