

Name Key
 Unit 4

Business Dynamics I
 Career Research

REVIEW OUTLINE

1. What are the 7 steps in the career decision making process? List and give a description for each.

2. What are the 4 personality colors? Describe each one. Give an example of a job that relates

Blue	Caretaker, warm, sensitive	Teacher, counselor, nurse
Gold	Organized, practical, logical, reliable	Accountant, Lawyer, Financial Planner
Green	Curious, Problem solver, Independent	Engineer, Scientist, Doctor, Meteorologist
Orange	Outgoing, adventurous, active	Photographer, PE Teacher, Journalist, Author

3. Discuss the meaning of the following values:

- Humanitarianism - Caring for others, making the world a better place
- Aesthetics - Beauty/appearance of things
- Fame - want to be in the spotlight, well-known

4. What do the following types of personal assessments tell you?

Interest test	what you <u>like</u> to do
Aptitude test	what you are naturally <u>good at</u>
Values	What is <u>important</u> to you.

5. How can networking help you in your career search?

Making connections can help you find out information about a job as well as connect you to people working in your desired career. These people may be able to help you get an interview or know

6. Interpersonal skills are an example of a transferrable skill. What does it mean to have interpersonal skills? How will transferrable skills help you in life? a company that is hiring.

Interpersonal means you work well with others. Transferrable skills are not specific to one job, they are skills that ~~you~~ will help you in many jobs.

7. Explain how the career research methods below provide you with information about a job.

Volunteering	Assist, without pay learn about jobs in a field you may not have considered, develop transferable skills
Shadow Day	1st hand knowledge, visit a job site, watch + ask questions of someone in your desired field
Internet Search	Gather facts, statistics about job duties, education, salary
