Cranston and
Emma Cook

Instrument of the issue

The Violin

**This is what the
violin looks like.**

**The violin is
in the string
family.**

**One violin
player,
Killian Beck
says that “It
feels nice
playing in a
orchestra,
cause you’re
not alone,
and if you
make a
mistake the
audience
can’t hear
you.”**

**The bow is
what you
use to play
the violin.**

**Rosin is used to
make sure that the
bow doesn’t slip off
the string!**

Violin strings

**The violin
often gets
confused with
the viola,
another
string
instrument,
because they
are almost
the same size.
They look the
same, and
they both are
held the same
way.**

Math Tips &

In kindergarten you are just learning how to count and add numbers. Here is a word problem that uses adding and counting. Josh has 3 pencils and James has 2 pencils. How many pencils do Josh and James have all together?

k

In first grade you are just learning how to add and subtract within 20. Here is a word problem that uses subtracting. Levi has 5 gummy bears, then John takes 3 of his gummy bears. How many gummy bears does Levi have left?

1

If you look closely you can see math everywhere

In 2nd grade you are learning how to add and subtract within 100. Here is a word problem that uses adding and subtracting. Jamie has 32 markers, Lucas gives her 33 more markers, then Jordan takes 12 markers. How many markers does Jamie have left?

2

Math Tips

Stay organized

Line up your digits

Read the entire problem

Show your work

Memorize your math facts

Study for you math tests

Tricks \times \div $+$ $-$

In 3 grade you learn how to multiply simple numbers . Also you learn how to add and subtract within 100. Here is a word problem that uses multiplication. Simon has 3 hockey sticks. Cecily has 3 times as many hockey sticks as Simon. How many Hockey sticks does Cecily have in all?

3

In 4th grade you learn long division, complex multiplication and multi step word problems. Here is word a problem that uses long division. Joe has a sticker collection of 3,981 stickers. He wants to divide his collection into 3 equal piles. How many stickers are in each pile?

4

In 5th grade you learn order of operations. You also learn how to divide 2 digits by 4 digits and you learn how to multiply 3 digits by 3 digits. Here is a word problem that uses long division. Emmeline has 3,269 books she wants to put the books in 20 equal piles. How many books will go in each pile?

5

Shapes and arcs are all geometry which is a form of math

BOOK RECOMMENDATIONS

Kindergarten

- Piggy and Gerald
- No David
- Pigeon
- Horis and Moris but mostly Deloris
- Chicka-Chicka Boom-Boom

First Grade

- Piggy and Gerald love to read
- Captain Under Pants
- Garfield
- Dog man
- The Good for Nothing Button

Second Grade

- ☐ Diary of a wimpy kid
- ☐ Hugo Cabret
- ☐ Magic Tree house
- ☐ Falling up
- ☐ Where the Sidewalk Ends
- ☐ A Light in the Attic
- ☐ Stick dog
- ☐ Please Write in this Book

BOOKS!!!!!!

Third Grade

- ✓ Lemonade War
- ✓ Finding Winn Dixie
- ✓ Creature from my Closet
- ✓ A-Z Mystery
- ✓ Wonder
- ✓ Series of Unfortunate Events

Fourth Grade

- All the Wrong Questions
- Orphan Island
- Harry Potter
- George Washington's Socks

Fifth Grade

- ❖ Hello Universe
- ❖ Tangle of Knots
- ❖ Percy Jackson
- ❖ A Boy Called Christmas
- ❖ Iggy's House
- ❖ Orphan Island

- Levi Borrelli, Victoria Pimentel, Vivian Dickerson

STUDENT COUNCIL

Student Council 2018-19

Roller-skating 2019

WHAT STUDENT COUNCIL IS & DOES:

Student council is a group of elected classmates that represents their class. There are 3 representatives from each 5th and 4th grade class. Our student government is composed of 18 students four of those students are special offices. Student council votes on charities, school goals, flag day, carnival and more. Student council members use their extra time to help out on fun school activities.

HOW TO GET INTO STUDENT COUNCIL & SPECIAL OFFICE

To run for student council you have to be in 4th or 5th grade. You need to make a persuasive speech and if you want to you may make a poster. You will read your speech aloud to your classmates, and they will vote on the candidates. The three candidates with the most votes will go into student council. Once your in student council you **may** run for a special office. Again, you will make a speech and several posters and hang your posters around the school. On election day you will read your speech aloud in front of the 3rd, 4th, and 5th graders, against the other candidates, the winners will be announced on the following Monday.

SPECIAL OFFICES:

President- leads meetings

Vice President- Subs for President

Secretary- takes attendance and writes down notes

Treasurer- handles money

Jeff Road

INTERVIEW

Our question:
*was What do
you enjoy most
about JRE?*

Interviews by, Madelenne Dunphy,
Matthew Boufford, Kate Pinto and
Kane Sauer.

Mr. Clark

"I love working with our teachers
as they work with kids. I really
love the size of the building
because I know all of the kids. If
the building was larger then I
wouldn't know all the kids."

Kindergarten

Elijah said, "I like recess and my friends that I play with."

1st Grade

Teagan said, "I like that
everyone is nice."

2nd Grade

Oliver said, "I like that
I have friends that are
really nice."

3rd Grade

Emma said, "That I get
to see my friends every
day."

4th

Tilly said, "Roller skating
parties and special
events. I also enjoy
writing and learning."

5th grade

Kristina said, "I like special events like roller skating parties, also specials, like art and PE."

Pittsford Pride Winners

JRE interview: How do you think you earned this
award: a fifth grader Leah, "I think I earned this
because I was nice and kind to other people."

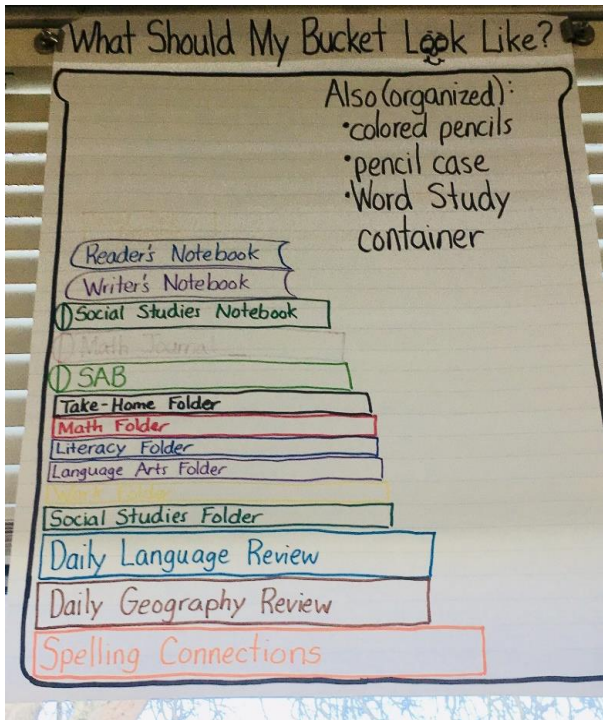

School Hack of this Issue:

A *hack* is a clever way of doing something!

How to keep your bin at a table clean

- Stack your folders on the bottom (big stuff)
- Binder under folders

By, Cecily Kaul, Josh Angona, and Lucas Livernash

How to keep your desk clean

- Stack your folders on the bottom (big stuff)
- Pencil case off to one side with erasers
- Binder under folders
- Books on the other side

ORGANIZATION!

Fifth Grader Madelenne Dunphy in Mrs. Kokinda's class says "I recommend putting the binders at the bottom and books on one side."

Madelenne Dunphy

Fifth Graders from Mrs. Rose's class say that the spelling book goes on the bottom, then folders, then notebooks, then journals, books and lastly pencil case.

Tyler Allen

Kenzie Swartz

Lindsey Shen

Fifth Graders in Mrs. Polvino's class said "They put the pencil case to the side" and they also said they clean it every few months.

Connor Culliton

Payton Hamilton

Martina Tziamtzis

How To Make A Marshmallow Olaf

THE INGREDIENTS

- 2 Large Marshmallows
- 2 Small Marshmallows
- 4 Raisins
- 4-5 pretzels

MAKING THE BODY

First, you attach a big marshmallow to another big marshmallow, sticking a pretzel stick down the middle of both marshmallows. Then, add two small marshmallows to the bottom of one of the big marshmallows, connect the small marshmallows with a pretzel stick.

ADDING THE DETAILS

Second, stick one half of a pretzel stick in the bottom part of the big marshmallow for the arms of Olaf. Then break a pretzel stick and stick it in the top marshmallow so it gives Olaf a nose. Put two raisins on top marshmallow for eyes, and two on the bottom for the buttons.

THE FINISHING TOUCHES

Finally, add any style of hair you want your marshmallow Olaf to have, put him on a plate, and enjoy!!!!

Jamie Lyn Earley on the left, Killian Beck on the right.

Elise Pinto's snowman

Irene Cranston's snowman is on the left. Leah Klueber's snowman is on the right

Enter a drawing contest for this magazine by drawing a homemade drawing and then labeling it with your name and grade. Bring it to Mrs. Kokinda's fifth grade classroom by March 29th. Your drawing could be in the next issue of this magazine! GOOD LUCK!!!

LET'S GIVE A ROUND OF APPLAUSE

MRS. Kempski!!

MRS. Bonaldi!!

MRS. Polino!!

MRS. Claffey!!

MRS. Baker!!

MRS. Schwab!!

Mr. Clark!!

MRS. Sweeney!!

MRS. Kokinda!!

MRS. Shaw!!

MRS. Williams!!

BRAVO!!
