# Data Processes

State

- Scores received from NYSED site in September

Administrators

- Building aggregate data reviewed
- Individual student data reviewed

Standards  
Leaders and  
Teachers

- Aggregate data reviewed for program implications
- Individual student data reviewed for instructional implications

# Changes due to Covid-19

2019-2020 – assessments not given

2020-2021:

- ELA and Math: One session only; all multiple choice
- Science: Written test only; no performance assessment
- Two-week window allowed for scheduling administration
- Fully remote students were not required, but were invited, to come into school to participate

ELA and Math tests – all paper based testing

# Reminders as we view the data...

NYS exemption for grade 8 students in Regents Math and Regents Earth Science

Impact of percent of opt-outs and fully remote students on overall scores

Limited longitudinal comparative value due to the significant accommodations made

# 2021 Highlights

**84%** of Pittsford students in grades 3-8 met or exceeded ELA proficiency standard

**73%** of Pittsford students in grades 3-8 met or exceeded MATH proficiency standard

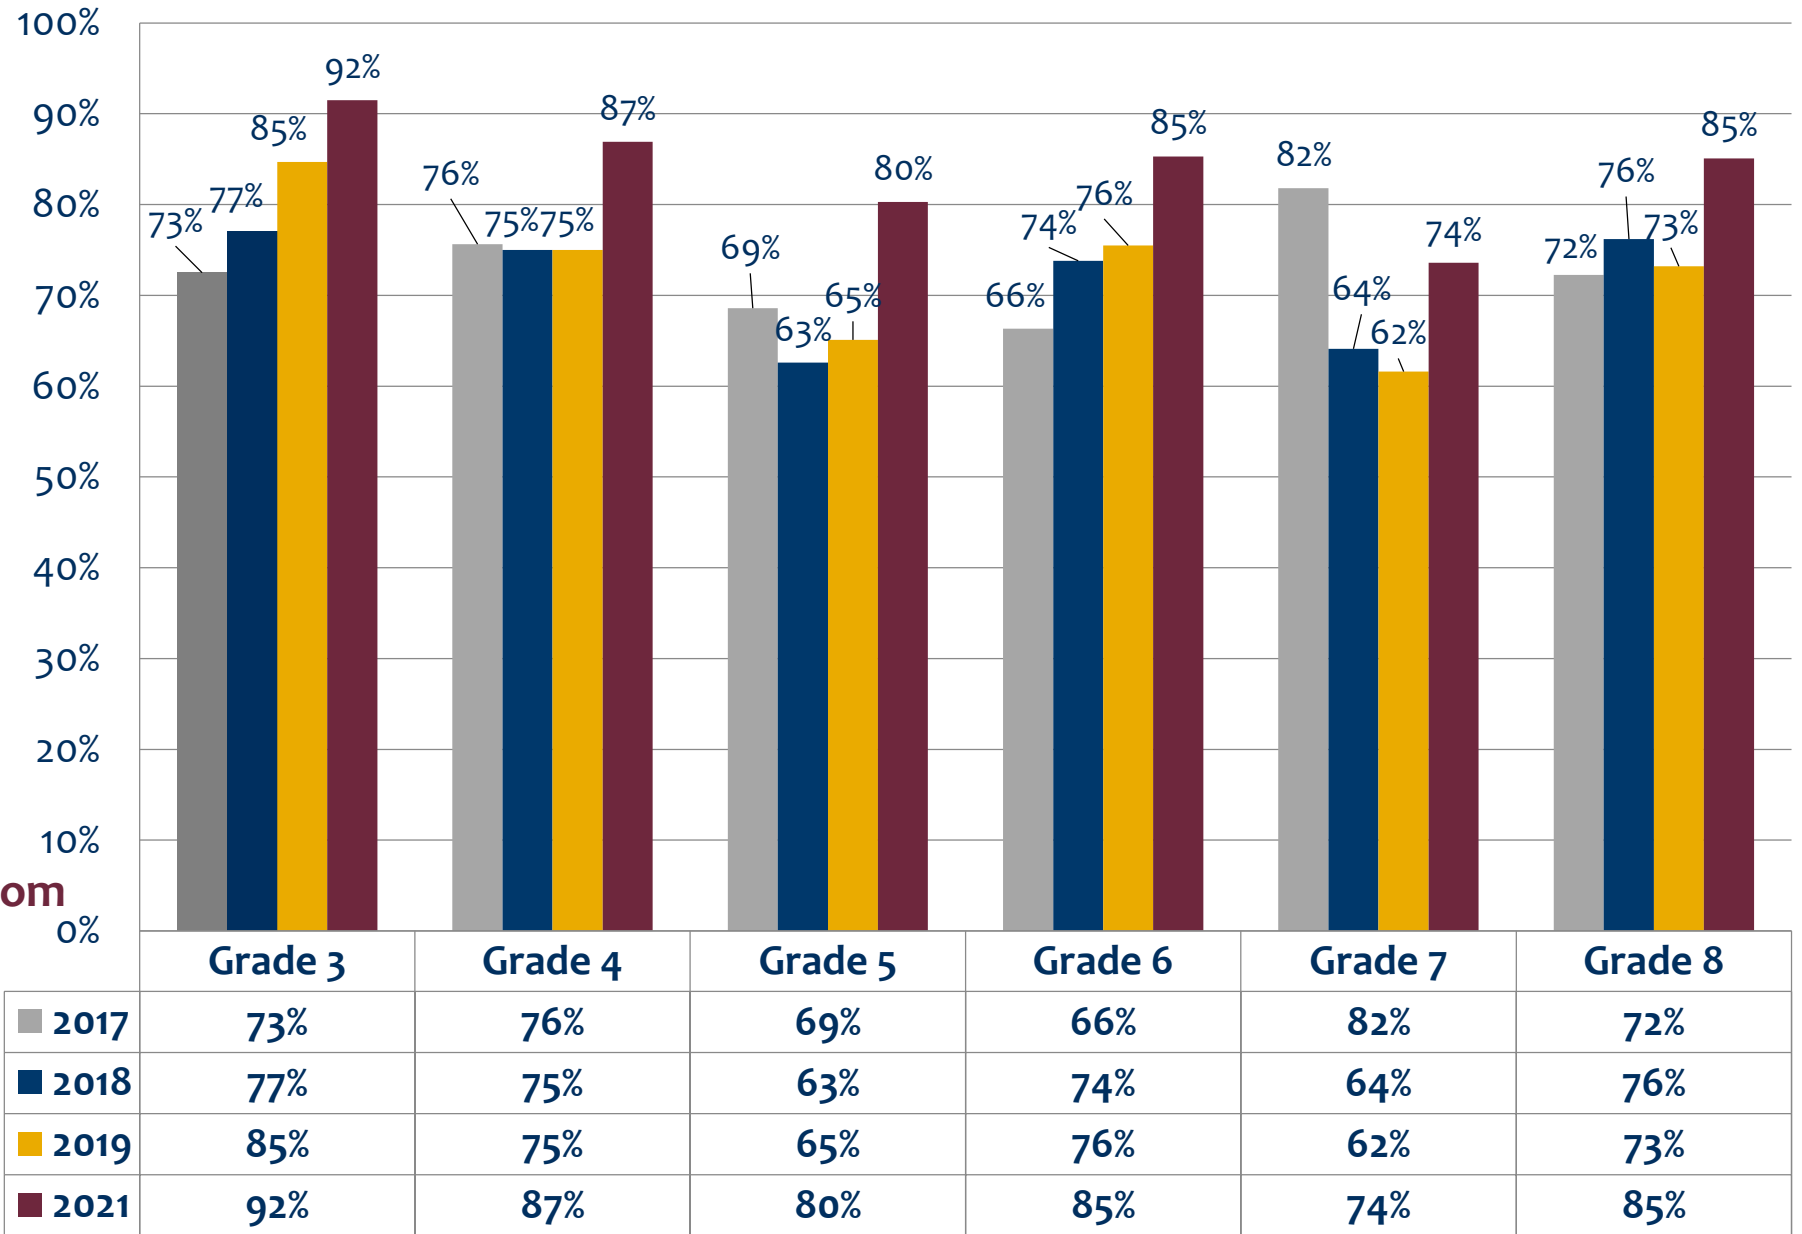

**97%** proficiency on the Science 4 assessment

**63%** proficiency on the Science 8 assessment

# PCSD ELA Grades 3~8

## Proficiency Comparison 2017-2021\*

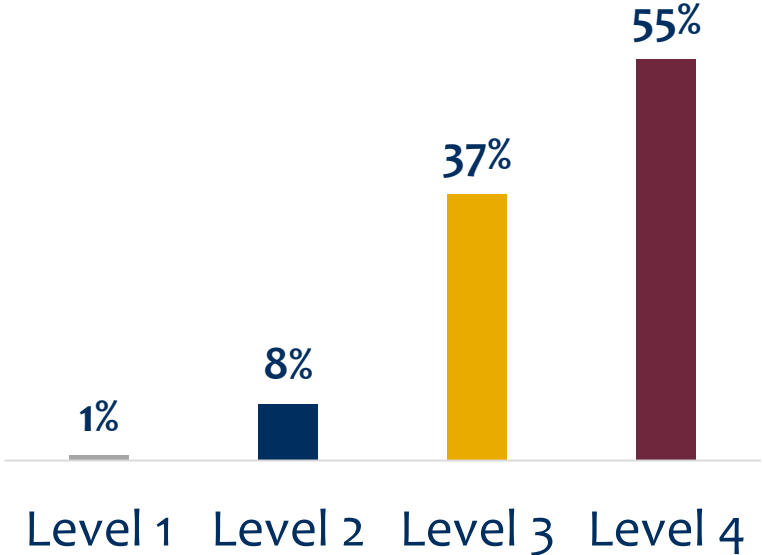

\*keeping in mind concerns  
about drawing conclusions from  
longitudinal comparisons

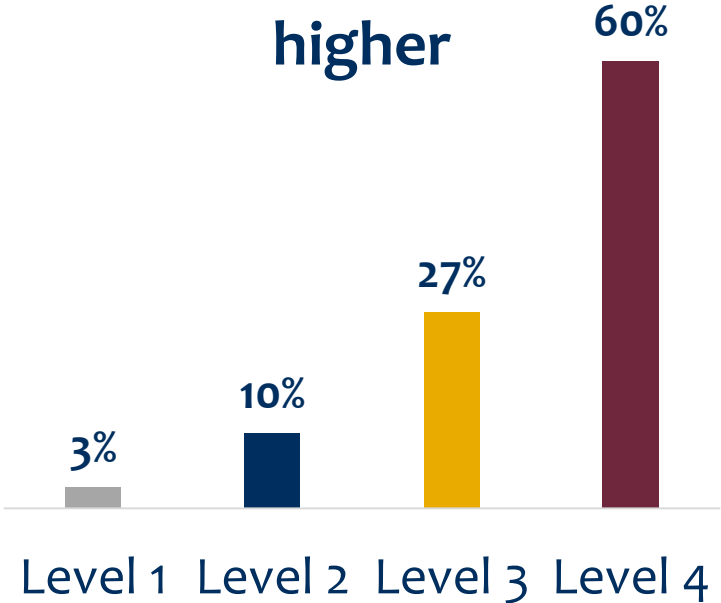

Due to COVID-19, there is no 3-8 Assessment data for the 2019-2020 school year.

# Levels of Performance for 2021

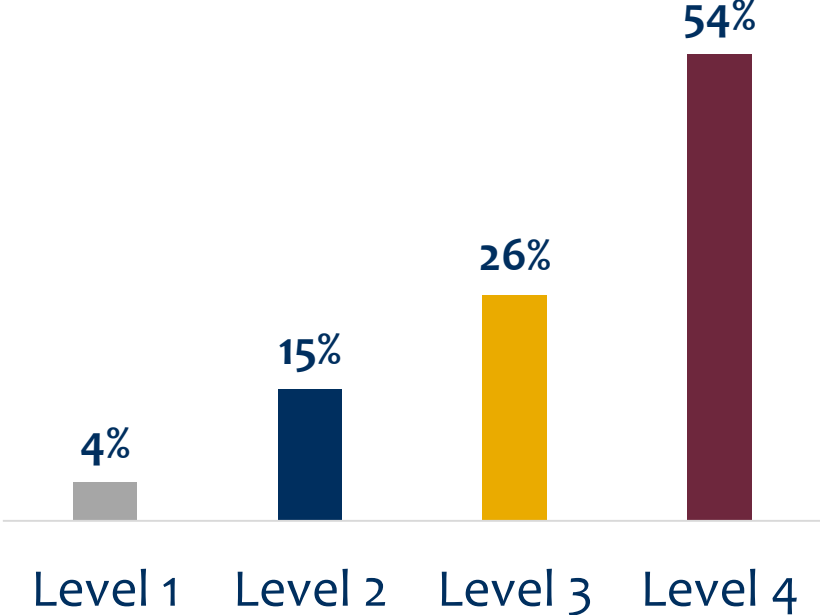

**Grade 3 ELA**  
**92% Proficient or higher**

**Grade 4 ELA**  
**87% Proficient or higher**

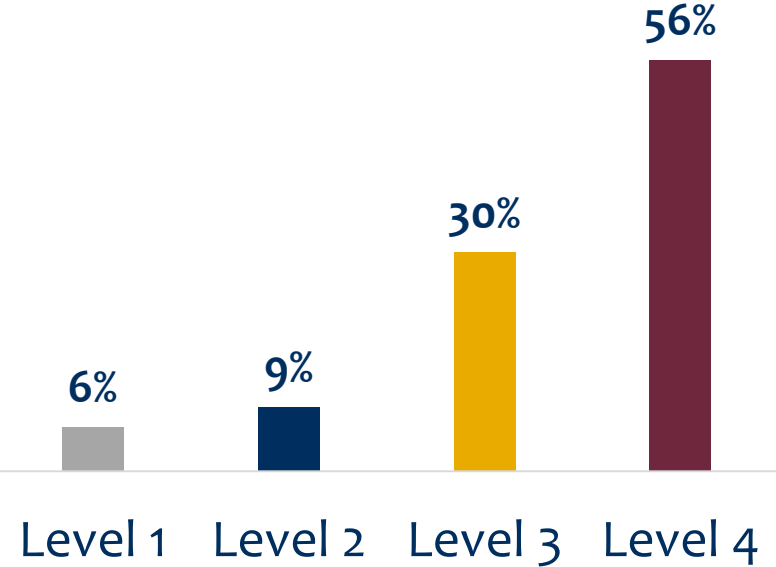

**Grade 5 ELA**  
**80% Proficient or higher**

# Levels of Performance for 2021

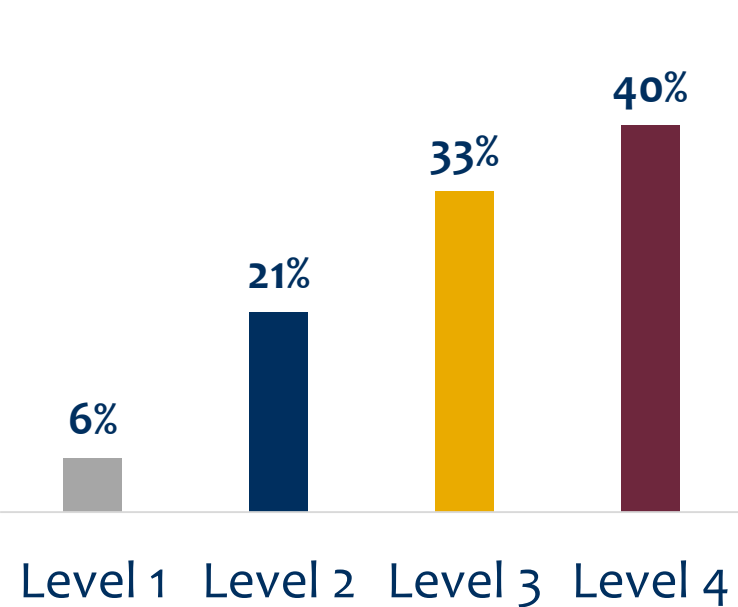

## Grade 6 ELA

86% Proficient or higher

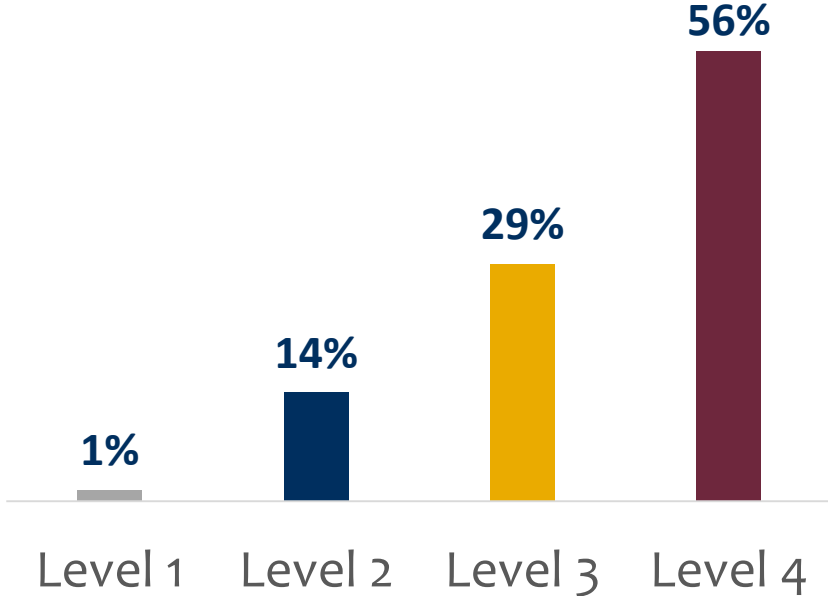

## Grade 7 ELA

73% Proficient or higher

## Grade 8 ELA

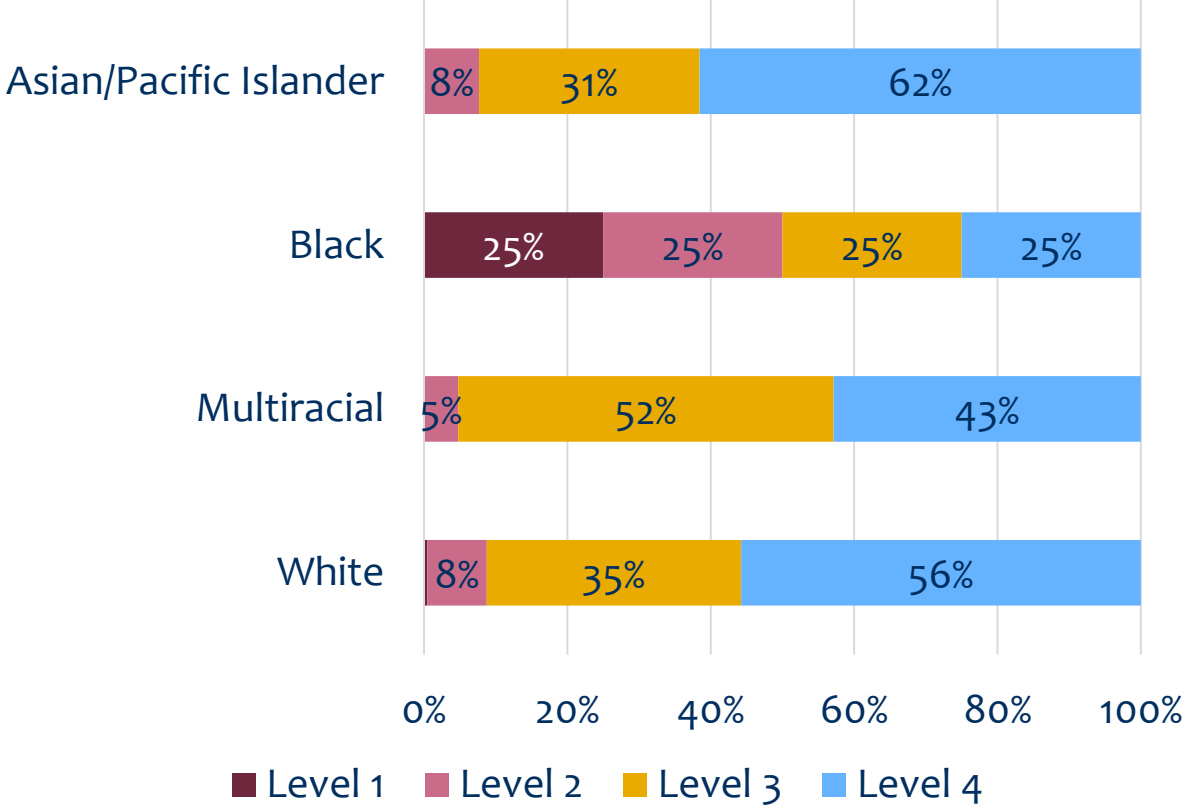

85% Proficient or higher

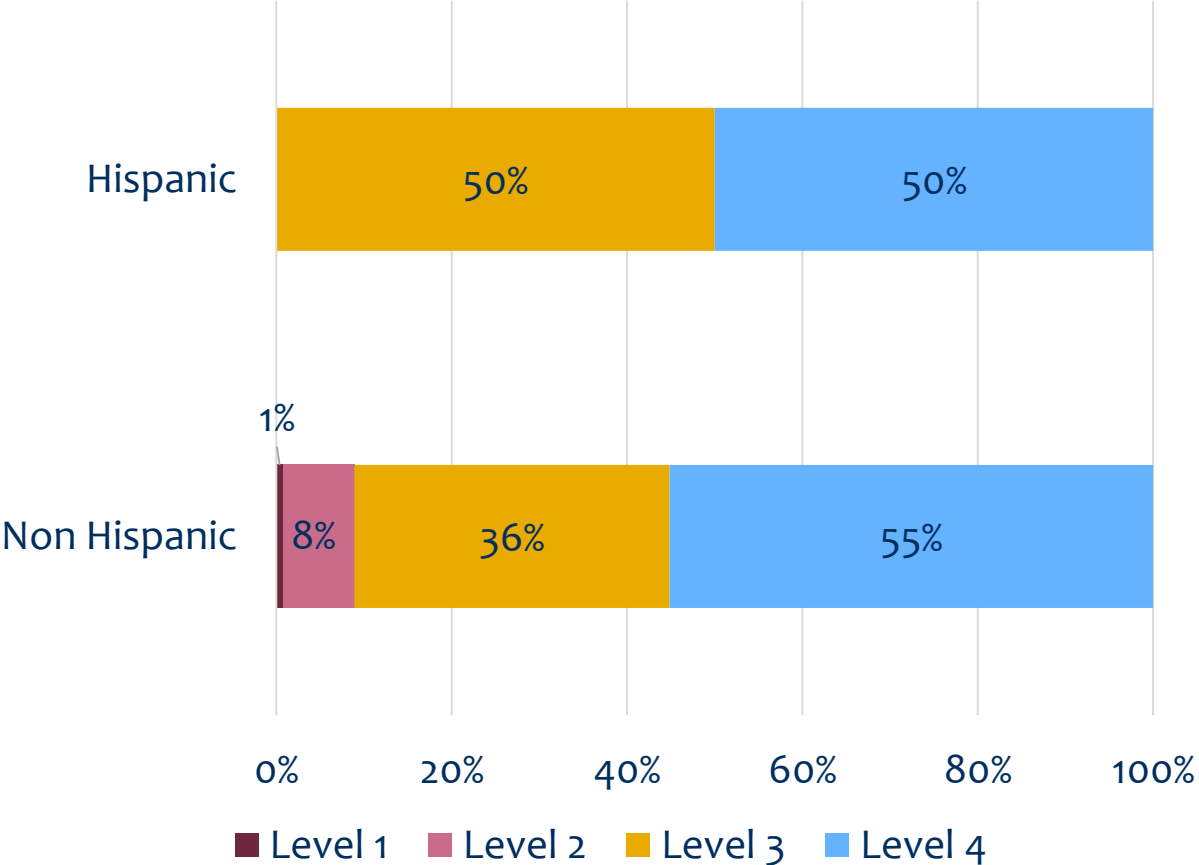

# Levels of Performance for 2021

## Grade 3 ELA Performance by PCSD's Four Largest Racial Groups

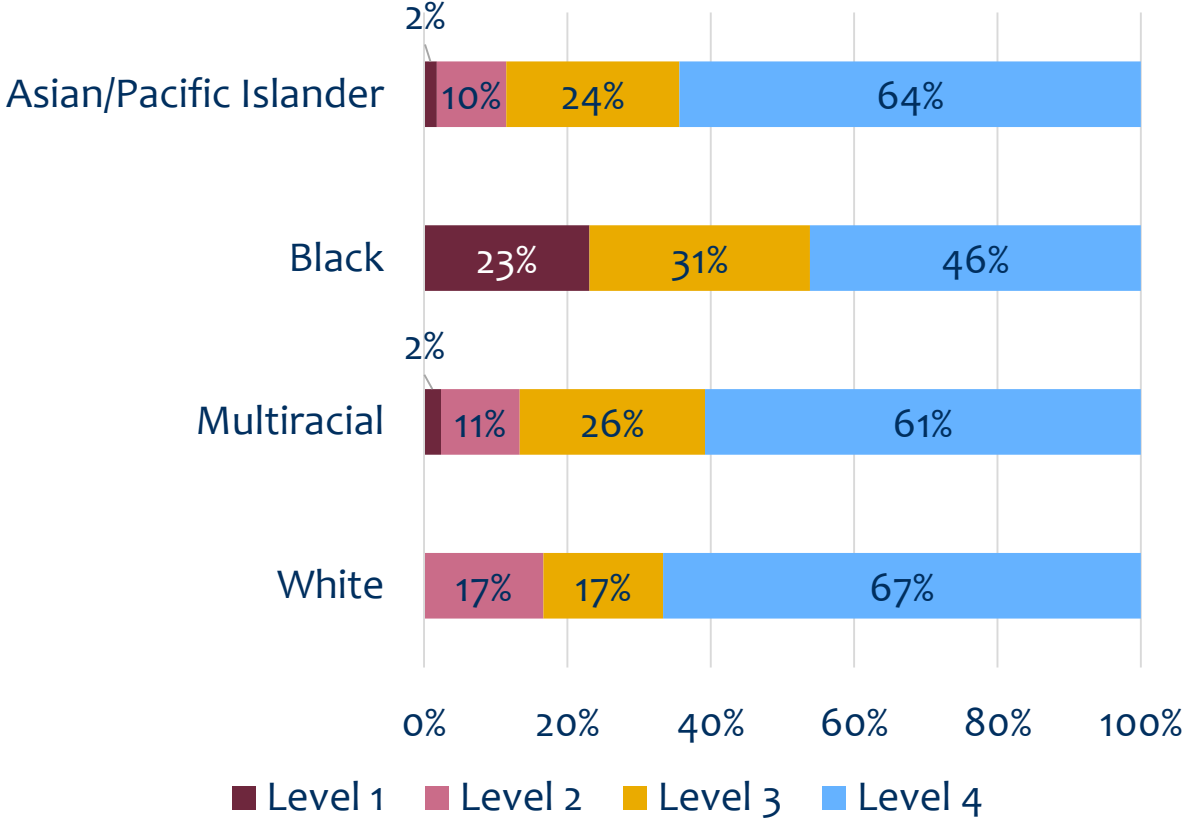

## Grade 3 ELA Performance by Ethnicity

# Outcomes in place and in process:

## Next Steps

Review performance of NCLB subgroups at district level –  
COT, PDLT, Standards Leaders

Triangulated data with other assessment measures to identify targeted areas for support

Provide targeted professional development

Use results to inform curriculum and assessment development

# Discussion
