PITTSFORD CENTRAL SCHOOL DISTRICT
NEW YORK

COMMUNICATING INTERNAL CONTROL RELATED MATTERS IDENTIFIED IN AN AUDIT

For Year Ended June 30, 2019

MENGEL METZGER BARR & CO, LLP
RAYMOND F. WAGER, CPA, P.C. DIVISION
September 20, 2019

To the Board of Education
Pittsford Central School District, New York

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pittsford Central School District, New York as of and for the year ended June 30, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Pittsford Central School District, New York’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However material weaknesses may exist that have not been identified.

Prior Year Deficiency Pending Corrective Action:

**Offsite Collections –**

Our examination revealed several instances where Athletic Admissions, Summer Enrichment Program & Drivers Education receipts were not deposited in a timely manner.

We recommend the District continue to make every effort to deposit funds within 3-5 business days after being received.
Other Items:

The following items are not considered to be deficiencies in internal control; however, we consider them other items which we would like to communicate to you as follows:

Cyber Risk Management –

THE AICPA Center for Audit Quality recently issued a cyber security risk management document discussing cyber threats that face both public and private entities. The District’s IT personnel routinely assesses cyber risk as part of their normal operating procedures. We recommend the District continue to document their cyber risk assessment process in writing which should include the risk assessment process, the frequency of the risk assessment, how findings are to be communicated to the appropriate level of management, and how the process will be monitored.

Prior Year Recommendation:

The prior year recommendation has been noted above.

This communication is intended solely for the information and use of management, the Board, audit committee, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

* * * * * * *

We wish to express our appreciation to the business office staff for all the courtesies extended to us during the course of our examination.
