### Curricular/Instructional Plan

For what course is this trip required? **Latin**

### Instructional Objectives
Be specific, include outcomes, desired proficiency level and how you will measure what standards and district curriculum goals it meets.

*Relating to transfer goal #2 (Exercise inter-cultural awareness to gain a deeper understanding and appreciation of their own views in addition to alternative views): Students will be examining Roman artifacts and looking for textual evidence (e.g., inscriptions, museum notes) for what the artifacts were used for; they will also be comparing them to modern equivalents (e.g., funerary artifacts, coins, personal effects, etc.). Goals will be measured via student completion of a written scavenger hunt in the museum which will then be shared in class and at Latin Club.*

### Activities

**Preparation:** How will the student be prepared for the trips as an instructional activity?

Based on classroom instruction, the students will be able to recognize real life examples of artifacts revealing ancient Roman history, mythology, and daily life.

**On trip:** What instructional activities will occur on the trip?

At Medieval Times: Educational Matinee Performance;

At Royal Ontario Museum: tours of the antiquities exhibits, followed by a teacher led scavenger hunt.
Follow-Up: Upon return, what activities will occur to enrich the experience and to determine if the objectives were achieved.

Students will share their experiences in class and at Latin Club and connections will be made to readings from class.

Provisions for Continuity of School Work - to be completed for any missed instructional.

What instructional provisions have been made to help participants keep up with other classes that they will miss?

Students will contact their other teachers well in advance of the trip; they will get missing work and will have opportunities to complete this work during the bus ride.

What specific plans have been made for the continued instruction of those students in the class who will not participate in the field trip?

Students not participating will work on an activity translating and analyzing ancient Roman inscriptions (which the students on the field trip will have a chance to see in person at the museum).
